Ever since the establishment of our University it has been the practice of the Professors in no instance to give <sup>notice</sup> ~~any~~ from their Chair of any private lectures that are delivered <sup>in this city</sup> upon subjects that are taught in this University. This delicate conduct is happily calculated to preserve harmony among <sup>them</sup> ~~us~~ within ten or 12 days past, two notices of such lectures as ~~are~~ have been placed upon my Desk apparently with a view that I should send them to my Class. After my <sup>Delinquent</sup> ~~refusal~~ to do so in the first instance, I have considered the repetition of it as an insult

V In this room we are one body, and  
should while ~~to~~ here - I consider myself  
bound to protect <sup>your honor</sup> ~~your honor~~ <sup>the honor</sup> ~~from insult~~  
of this chair is equally your charge. But  
further -

It remains not in the hands of  
the University, ~~as appears~~  
herein, ~~as appears~~

to myself and to my brother professors. Even  
where lectures are given upon branches  
of medicine not taught in this University,  
the professors are always addressed by a <sup>polite</sup> note  
from the lecturer with a request to make  
them <sup>public</sup>. It has never been  
~~claimed as~~ <sup>obtained</sup> upon them as they  
claimed as if a right was proposed for it:  
purpose. —

But gent: this insult was not confined  
to your Professor. It <sup>was</sup> extended to you.  
likewise. ~~this room~~ <sup>Advertisement notice</sup>  
This room is ~~located to exclusively of~~ <sup>intended for medical</sup>  
~~to your instruction only.~~ <sup>It is said to that purpose.</sup> It is not a  
<sup>high way</sup> ~~train~~ - nor a tavern, - <sup>of course it is</sup> ~~nor a vending place.~~  
not a proper place to paste up <sup>handbills</sup> advertise-  
ments. <sup>by y</sup> From what I have heard, it  
is calculated to endanger the order, and

V may more, - he has the same right to  
controversy our opinions - to refute them &  
to ridicule them - What he has to any of  
the common actions of life, ~~it is so~~  
~~and it~~ ~~It is in this way, that Science & truth~~  
~~is~~ ~~are~~ often promoted in Science

the tranquility of the room. — I hope  
therefore such acts will not be repeated in  
this place hereafter.

While I bear a testimony against  
the rudeness and indelicacy with which  
we have both been treated, I beg Gent: that  
no insult, nor ~~any~~ <sup>nor ungentlemanly</sup> treatment  
may be given to any <sup>person</sup> ~~Gent:~~ who chooses to  
lecture upon <sup>any</sup> ~~the~~ branch of medicine  
or <sup>upon</sup> any other, out of this University. A  
physician has the same right to  
teach <sup>medicine</sup>, that he has to practice <sup>it</sup> ~~physic~~  
in our City. <sup>and</sup> ~~you~~ <sup>promise</sup> I will ~~promise~~  
not only for myself. ~~for~~ but for all  
colleagues that no offense will be given  
to any of us by your attending these  
lectures — intended for that purpose.
